Today, I'm having some practical training under the guidance of my esteemed Senpai, Yoriko.
I am a new elevator operator named Sayuri.
It definitely makes you wonder...
Yes.
Since the customers are gone, we'll return to the first floor.
We are going down.

This is how I do it.
That's some impressive finger strength...

This work is tiring because you have to stand all the time.

I see.
I use the short moments when there are no customers to let my legs rest.

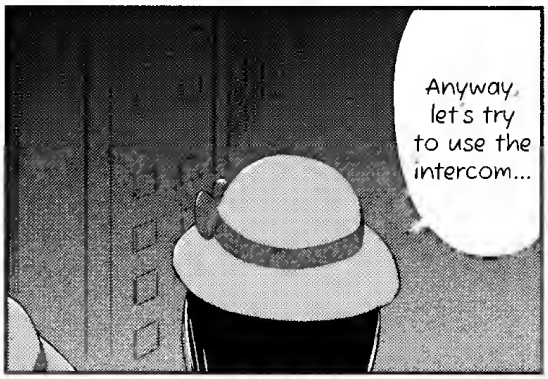
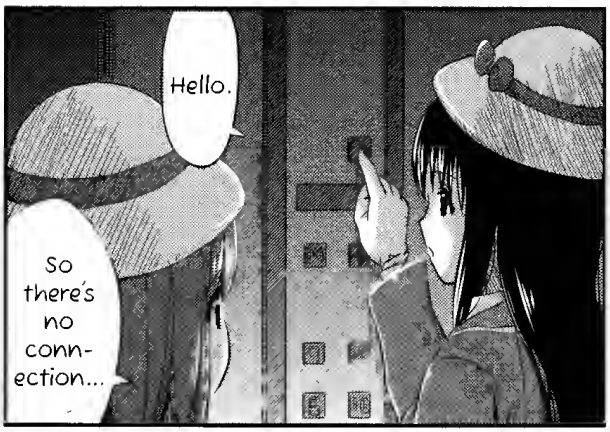
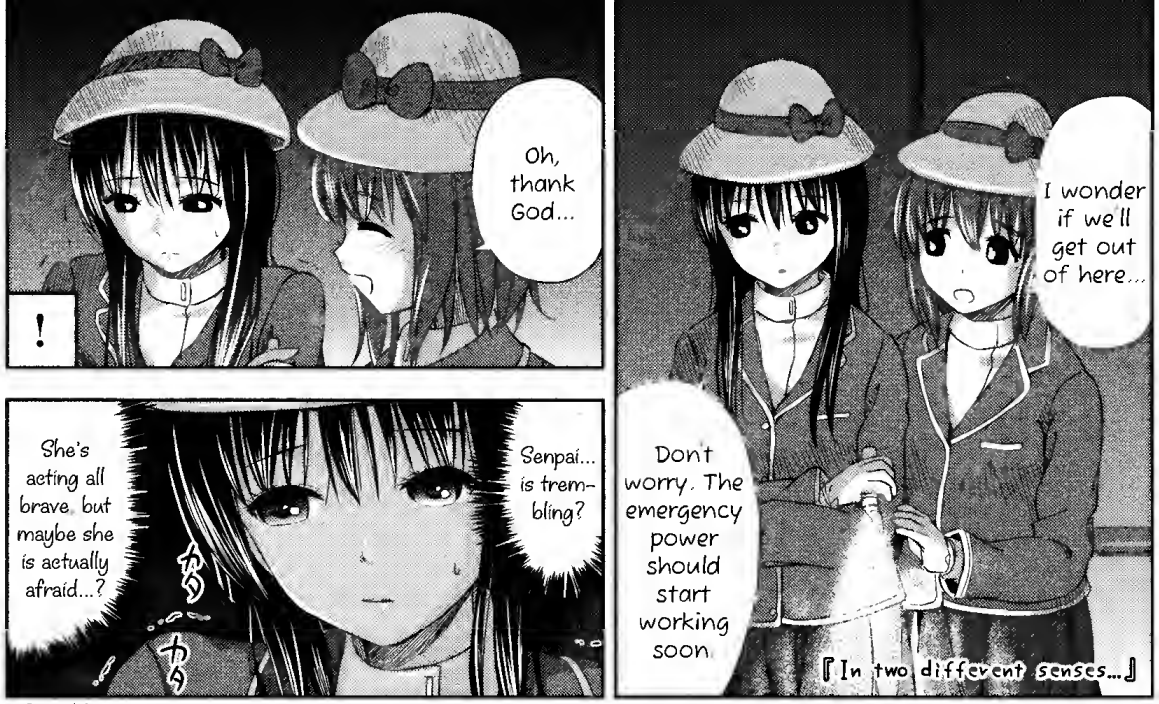
Ahem... Could you point the flashlight somewhere else now?
Maybe this was caused by an earthquake?
Are you hurt, Sayuri?
I'm fine.





SFX: Click Click Click



Oh, thank God...

I wonder if we'll get out of here...
Don't worry. The emergency power should start working soon.
『In two different senses...』
Senpai... is trembling?
She's acting all brave, but maybe she is actually afraid...?
カタ カタ

SFX: shiver

I need to go to the toilet.
Whaaat?!
Shaking

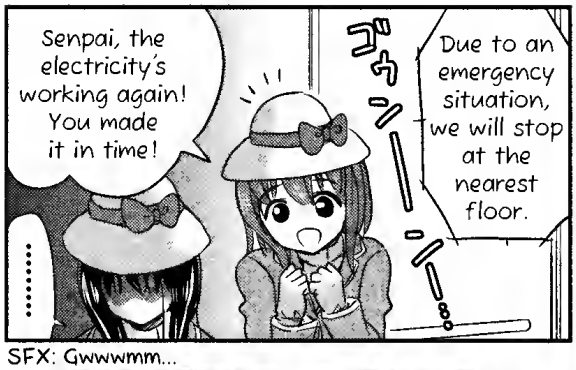
That's dangerous!

Can you hold out a little longer?
For me, elevators are sacred so...



Senpai, the electricity's working again! You made it in time!
Due to an emergency situation, we will stop at the nearest floor.

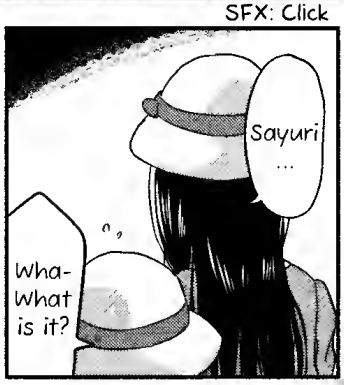
However, I think this is a service of the highest order.
The necessity of this job called elevator operator has lately been called into question, and it has become increasingly rare...



...at that moment, she seemed so awe-inspiring that such insignificant doubts disappeared.
Though Senpai's sudden speech made it seem like she was hiding some-thing...
Let's do that.
